MILWAUKEE COUNTY PARKS OFFER FATHER'S DAY GIFT IDEAS

Milwaukee – Milwaukee County Parks Director Sue Black reminded gift givers that there are plenty of options available for Father's Day through the Park System.

"The beginning of summer provides many things to do in your Milwaukee County Parks," noted Parks Director Sue Black. "We have a number of great gift ideas for dad that are either low or no cost."

Examples of gifts for Father's Day include golf gift certificates available in \$5 and \$10 denominations, golf merchandise at the golf course clubhouses, as well as gift certificates for admissions to the Domes, Boerner Botanical Gardens, and swimming pools. For those that simply want to spend time with their fathers, there are many free activities within the Park System including biking or walking on the Oak Leaf Trail, experiencing the birding trail, picnicking in one of the many County Parks, enjoying playground equipment located in the parks, discovering new parks or parkways within the Park System or simply throwing the ball around at one's neighborhood park.

"It doesn't really matter how you use the parks," explained Black. "It's just important that people don't take for granted what is available. I'd love to see the parks filled with families on Father's Day."

For more information on the gift ideas available for Father's Day, please contact Parks Director Sue Black at (414) 257-4501.
